Advances in Audiology – Tomorrow's Solutions for Today's Challenges

December 2–5, 2012
Las Vegas, USA

A clinical conference sponsored by Phonak

PHONAK life is on

Advances in Audiology – Tomorrow’s Solutions for Today’s Challenges

Phonak is proud to announce the most interesting clinical conference of this year called "Advances in Audiology: Tomorrow's Solutions for Today's Challenges". The conference is split in two parts: "**Innovation in Hearing Care for Adults**" and "**Latest Developments in FM and Soundfield**". The conference will take place in Las Vegas, Nevada, USA, from the evening of Sunday December 2 through Wednesday December 5, 2012.

Latest research and clinical insights will help you to provide the best possible hearing and rehabilitation services for adults and to keep you up to date in FM and Soundfield for all age groups.

Louise Hickson (AUS), Cheryl DeConde Johnson (USA) and Linda Thibodeau (USA), the chairs of this conference, and the Phonak Steering Committee have worked for the past several months identifying the topics and speakers that are critical to making this combined conference a success. An impressive range of speakers have immediately confirmed their participation in this exciting event, including Harvey Dillon (AUS), Nina Kraus (USA), Kathy Pichora-Fuller (CAN), Sophia Kramer (NL), Debi Vickers (UK), Chris Lind (AUS), Larry Humes (USA), Susan Scollie (CAN), Joseph Montano (USA), Imran Mulla (UK), Pam Souza (USA), Jace Wolfe (USA) and many more international experts.

Conference sessions will include the latest developments in:

- Auditory and cognitive functioning
- Factors in hearing instrument adoption and use
- Amplification for older adults
- Future perspectives in audiology
- FM technology in adult listeners
- Connectivity
- Wireless technologies and standards
- FM for children
- New trends in SoundField

The interactive podium discussion and clinicians' forum will also put the spotlight on how best to address the hearing difficulties experienced by your hearing impaired clients. There are many opportunities to discuss clinical issues during the presentations, poster sessions and social events. **We invite all participants to submit posters on topics related to any of the above mentioned session categories.**

Surely this is a conference not to be missed!

For more information and to register visit us at:
www.phonak.com/conference and use the early bird rate until June 30, 2012.
